

## **UGC Sponsored Skill Based Vocational Courses**

(B. Voc Courses)

In order to make education relevant and to create 'industry fit' skilled workforce, the UGC along with NSDC (National Skill Development Council) and SSC (Sector Skill Council) has sanctioned 7 B.Voc Courses to Sir C R Reddy College (Autonomous) on 11.09.2020. Actually the B. Voc Courses were planned from 2014-15 itself following NSQF guidelines for operating these courses.

### **Now the Sanction Courses for the College are:**

1. Internet of Things (IoT)
2. Data Analytics
3. Logistics Management
4. Food Processing and Quality Management
5. Retail Management & IT
6. Electronics Equipment Repair & Maintenance
7. Remote Sensing & GIS

### **Salient Features of the Courses**

- It is a combination of General Education & Skill Component
- It is a 3 yrs Degree programme, however, it is multi entry & multi exit programmes. Viz. If a student gets employment after 1 year, a diploma will be given likewise at the end of 2 years, advance diploma, after 3 years B.Voc Degree will be awarded by the University itself.
- 60% of syllabus on skill module, 30% on general education (communication English, computer skills, Entrepreneurship skills etc.)
- After completing B.Voc, one can join in M.Voc, or Normal courses of Corresponding PG Programmes in any University.
- On job training internship is compulsory in industries identified.
- Govt. of AP Scholarships etc are eligible who join the courses as these courses are sanction by National wide allotment.
- All the students who have completed 10+2 education and vocational students at intermediate are also eligible to join these B. Voc Courses.
- No. of seats in each courses is 50 and admission will be on par with Govt. rules & regulations as in case of other Degree programmes.
- Girl students are eligible to each of the programme sanctioned.

- The course structure will be CBCS pattern and the students shall complete required instruction hours and credits for promotion into next level.
- Examination system will be as in case of other degree courses, however skill component will be evaluated by SSC partner.
- Degree will be awarded as B. Voc (Ex. Retail) B.Voc (IoT) by the university after completing required credits

(30-Certificate, 60-Diploma, 120-Advanced Diploma, 180-B.Voc Degree)

- It is also 6 semester system. For certificate course one semester, for diploma course 2 semesters, for advanced Diploma 4 semesters & for B. Voc Degree 6 semesters are required.
- These courses are highly employable and placement drives from industry / companies / SSC (Sector Skill Council) concerned will be arranged.
