- 4. Brief Report of the Programme:**

Sir C R Reddy College Eluru, Andhra Pradesh organized a one day national seminar on Conservation of Biodiversity Issues and Challenges on 26th February 2019 as a part of awareness about conservation of biodiversity. The core concept of the seminar is to motivate the academics and young researchers about the conservation of bio-diversity.

The concept facilitates the exchange of knowledge in terms of research, development and to endorse several educational institutions for preparing potential and efficient graduates. The seminar also enlightens the area of conservation of bio diversity to maintain ecological balance. Thus the main objective of the seminar is to provide a common platform to discuss and update the knowledge. The seminar was held for one full day with scientific and innovative sessions.

The registration for seminar started at 8.30 am onwards all the participants have reached the venue with lot of enthusiasm for attending the seminar around 100 delegates 300 students were participated and around 40 papers presented in this seminar. The seminar was started with inaugural function which was chaired by Prof R. Nagarajan from Tamilnadu delegates actively participated in interactions and raised various points which were clarified by the speakers In after noon scientific session was started with poster and oral presentations all the sessions were fruitful and informative. Valedictory function started at around 4p.m onwards by Dr. R Sarvanan.
